

With the opening of a new trading office BGA London can now provide tailored project solutions for all your property needs. No matter the need we can provide a solution to support you.

## Professional services offering:

### PROJECT MANAGEMENT

BGA London Limited is experienced at Providing a level of Project Management and Project Construction Controls, normally associated with a Multi-National Corporation at the fraction of the cost. This value saving is then returned to the Client in a more measured and holistic project approach, where we pride ourselves on our attention to details and committed single point of project contact.

9 times out of 10, the benefit we provide on projects, equates to us indirectly paying for ourselves. Our Clients benefit from having a professionally run project, with little or no fuss, to programme and budget.

### COMMERCIAL MANAGEMENT

Our keen Commercial controls are provided through our quality Staff, who are individually picked for Client specific, needs including PQS (Project Quantity Surveying) Procurement advice, CVR - Cost Value Reconciliations and assessment of Final Accounts and End Day Forecasts - EDF's.

### DEVELOPMENT MANAGEMENT

Increasingly BGA London Limited, is being called upon to provide a conduit for Clients looking to develop projects from Site identification, through to obtaining Planning Consent, through Construction and onto project re-sale of disposals. In response to this need BGA London Limited has strengthened its links with Planning Authorities and Funders to provide a one-stop project solutions. This has been enhanced with BGA London Limited, being short-listed to deliver Strategic Master Planning and Development Proposals.
